

AN ACCESSORY FOR HIGHEST DEMANDS EDITION PREMIUM WHITE CHROME

PIT GREEN's new Edition Premium White provides an accessory for golf and design lovers with high demands on quality and materials. The improved drive technology, extended equipment as well as a refined surface reflect the premium character of PIT GREEN.

Also new and of special interest is the choice of different surface refinements: "gold" and "chrome" are available. The provided magazine delivers fascinating background information on the design and development of the little golfer. The fresh look of this new premium edition is topped off by a newly created packaging refined by embossed printing.

The exclusiveness of the product is underscored by the nomination of PIT GREEN for the 2007 Design Award of the Federal Republic of Germany. Because of the strict admission requirements this award is called the "Prize of Prizes" by many opinion leaders in the field of design in Germany. PIT GREEN Edition Premium White – an accessory for highest demands.

THE FIRST MANUAL MICRO GOLFER EDITION CLASSIC WHITE

He's only 4 2/5 inches small - that is remarkably smaller than Tiger Woods. Nevertheless, concerning his punch, precision and tactics he is nothing short of the professional golfer's:

At the tee off stands PIT GREEN, the world's first manual micro golfer!

The modern version of a Tipp-Kick soccer player (a kind of tabletop soccer) opens a new dimension of the noble sports to golfers and non-golfers. Whether it is in the office, on the coffee table or on top of the counter in a bar, alone or in competition - with PIT GREEN you can everywhere and in many ways act out your passion for golf and design. With a patented technique, balanced materials and its characteristic shape, PIT GREEN combines the delight in beauty with the playing fun.

Due to its precision mechanism both lusty and well dosed drives hit their target safely.

The special micro golf ball behaves as realistically as on the real green and stops also on hard surfaces - the developers have "packed the grass into the ball".

A DRIVING RANGE FOR EMOTIONS MICRO GOLF PRACTICE DISPLAY

Increase the experience value of your sales area with an interactive micro golf presentation.

Maximize the dialogue with your customers with an innovative product. The Micro Golf Practice Display offers an attraction pleasing to the eyes and the fine motor skills - on a minimal required space. You can host a putting competition or simply play like on the driving range in the twinkling of an eye - or rather the twisting of a hand.

The display can be used as a stand-alone product presentation or as a moderated play field.

It is installed without any effort and immediately applicable. Included in the scope of delivery are the figure, clubs, balls, slider and green.

Depending on the employment or event you create an interesting centre of attention or a pleasant entertainment aside. Customer conversations can be easily initiated and intensified, group events individually accompanied and guided. With the Micro Golf Practice Display you bring your products alive.

PROPER DRIVE FOR YOUR COMMUNICATION PRODUCT CO-BRANDING

Utilize the attractiveness of the strongest growing sport in Germany – golf. The image factors sportiness, internationality and exclusiveness symbolize an increasingly desirable live style for a young and modern target group.

With its interactive concept the characteristic design golfer PIT GREEN communicates the popularity of golf - beyond fairway, green and driving range. It combines the delight in beauty with the fun of competition and thrills people with a strong sense of precision and design.

Businesses of different industries have realized the potential of the golf sport and used it for their image campaigns – with an effective communication. You too can amaze you business partners with the interactive and award-winning idea PIT GREEN.

2004 Nike Play Award "Innovations in Sports Gear"

2005 DDC Bronze Award „Das Gute Stück“

2006 Applicant Ispo „Brand New Award“

2007 Nominee „Design Award of the Federal Republic of Germany“
